
Good food, good prices

I love good food but don't like to pay big money for it. To my mind, there may not be any single plate of food worth \$100. I've paid that...but I haven't liked it. Instead give me places such Tavola Calda in Berlin and the Hotel Adler in Bad Wurzach (about 30 miles from Kempten); or Gasthof Auerhahn in Salzburg; Smutny in Vienna; the Bahnhof Hotel in Saanen, Switzerland. These are all places where the freshest ingredients are used, the kitchen knows what it's doing and two people can eat well with wine for less than \$150. Please add to this list.

Try the Poeschl Stuben in Bayerisch Eisenstein or the Waldbahn in Zwiesel. Fantastic Bavarian and Bohemian food from fresh ingredients. And not a single main course over 15 Euros.
